## HARVEST OF GRIM REAPER

### LEADING YOUNG PHYSICIAN OF THE COUNTY PASSES AWAY.

#### Dr. Hoechst Becomes a Victim to Overwork in the Practice of His Profession.

DR. HARLEIGH B. HOECHST, a highly respected citizen of East Berlin and one of the most promising young physicians and surgeons of the county, died at his home last Thursday afternoon from an affection of the heart, aged about 32 years. The end to this young life came suddenly in the flush of a career of great usefulness.

Dr. Hoechst had been in ill health for some time past, caused by a general breakdown in attending a rapidly increasing practice. For purposes of rest and recuperation he recently spent several weeks in the balmy climate of the Bermuda (West India) Islands, accompanied by his wife. He returned from the trip just a week before his death, greatly benefited, having gained in weight and apparently fully restored to health. He resumed the practice of his profession and on Wednesday, preceding the day of his death, assisted Dr. T. C. Miller, of Abbottstown, in a surgical operation.

Dr. Hoechst was a son of Mr. and Mrs. Isaac H. Hoechst of East Berlin, formerly residents of Reading township, this county. As a boy he was of a studious turn of mind and proved a talented and brilliant scholar while in the public schools of his district. He entered the teaching profession at an early age, teaching in the schools of Reading township for several terms and then attending Eichelberg Academy at Hanover. He began the study of medicine with the late Dr. F. C. Wolf, a well known physician of East Berlin, and completed his course in medicine and surgery at the University of Maryland in Baltimore.

After receiving his degree he moved to Oklahoma, where he began the practice of his profession, but about a year thereafter, returned to his former home, where he took up the practice of Dr. Packler, the latter having moved to York, becoming associated with Dr. Charles Wolf, who later retired and in a remarkably short time he acquired an extensive practice, and it was his self-sacrifice in attending to the duties of his profession which undermined his health, and finally resulted in his untimely death.

Dr. Hoechst was married to Miss Mary Hartman, a daughter of Jacob Hartman of East Berlin, who survives together with his parents and a brother, Prof. Coit Hoechst, principal of schools at Bedford, Pa.

The funeral took place on Monday, Feb. 28. The services were conducted by Rev. W. H. Miller of the Reformed Church of that place, assisted by Rev. Geo. W. Welsh of Spring Grove. Interment in the cemetery at East Berlin.

MRS. ELIZABETH BELLER, widow of Captain Beller, died in Wichita, Kan., last October, but no notice of her death has yet been published in any Eastern paper and the family had many friends and relatives in Adams county, and Berkeley county, W. Va. She was a daughter of Dr. John Carpenter, at one time a physician at McKnightstown, and the following account of the family has been handed to us by a friend: During the Civil War Dr. John Carpenter was a young practicing physician at McKnightstown, Adams county, of which he was a native, and his wife, a Miss Zimmerman, of an old family near Emmitsburg. Suffering with hemorrhages of the lungs he was compelled to give up a hard country practice and seek a milder climate, locating in Martinsburg, W. Va., purchasing an old-style Virginia homestead, corner S. College alley and W. King St., in 1860, the site now occupied by the fine residence of Dr. J. B. Snodgrass. About 1890 he retired from practice, made his home with his daughter in Columbus, and died about 1895, in his 95th year. He left a son, Wm., single, a B. & O. railroad, who died about 1890 and is buried in Greenhill cemetery, Martinsburg. One daughter married a Mr. Chamberlin of near Orrtanna, and died young, leaving a child, Ruth, who spent some years with her grandfather in Martinsburg, and the writer remembers her only as sweet, bright-eyed, dimple-cheeked, little girl. She entered Ursinus College, became an expert bookkeeper and stenographer in New York, was given a trip to Europe as a vacation, and is now secretary of the M. E. Church Board of Sunday Schools in Chicago. Another daughter, Malissa, I think, married a Mr. Lott of near Gettysburg, and lives in Kansas. Miss Lizzie, the youngest daughter, took care of her father's home long after her mother's death

and up to her marriage about 1890 to Capt. Wm. Beller, a union veteran, of Charlestown, W. Va. She was married by her cousin, Dr. Elderderice of Baltimore. They moved to Wichita, Kan., where he died about 1900, leaving no children. She became helplessly crippled with rheumatism and retired to the Kansas Sanitarium, Wichita, where she peacefully passed away Oct. 24, 1909, aged about 60 years. She was an intelligent Christian woman, a most devoted daughter, wife and friend; and though so helpless as not to be able for years to move hand or foot to help herself, she was more than humanly patient and had a saintly and perfect hope and trust in God, and sighed and prayed for the day of her release from bodily woes so that her soul might take its flight to a happier home. She left her little property in Wichita to her niece, Miss Ruth Chamberlin, who writes: "Poor, dear auntie, sweet, bright and cheerful to the very last. I am not sorry she is gone out of her pain; but how I wish I might have seen her, and my great hope is that she passed away in her sleep, so that she had no realization of dying alone,—not one soul near her but the Infinite One. I had a letter from her, received after her death, and written just shortly before the end. My great consolation is that she was contented and well cared for in the sanitarium. She was truly a brave soul. When I saw her in Perth a few years ago, all crippled, she was just as gay and bright as in the old days in Martinsburg."

FORREST LINAH died at the home of his daughter, Mrs. Jacob Sowers of Shepherdstown, on Thursday, Feb. 17, aged about 67 years. The deceased was born in Tyrone township near Hedgesburg, about 67 years ago, and resided at the old home nearly all of his life, with the exception of a couple years that he served in the Civil War as a member of Co. G, 138th Pa. Vols. The following children survive: Mrs. Jacob Sowers of Shepherdstown, Mrs. J. D. Goehner of Huntington township, Mrs. Chas. Dell and Miss Alice Linah of New York, Mrs. Livingstone Wolford of Reading, Gates B. Linah, Esq., of Huntington township, and Kelly Linah of Tyrone township, and Miss Helen Linah of Mt. Holly Springs. The funeral services occurred from the residence of his son-in-law J. D. Goehner of Huntington township, on Sunday afternoon Feb. 21, at 2 o'clock. The Rev. L. M. Gardner officiated, the services.

MRS. MARIA E. ETZLER, wife of John W. Etzler, died at her home in Hanover on Sunday, Feb. 20, after an illness of about one year, aged 60 years, 6 months and 3 days. Mrs. Etzler was a daughter of the late Simon Slagle and was married in 1871 to John W. Etzler, both of Hanover. She survived by her husband and two daughters, Mrs. John E. Hostetler of Hanover, and Miss Cora E. Etzler at home. Three sisters also survive, Mrs. Jno. P. Shultz and Mrs. John Anthony of Hanover, and Mrs. Abraham Herr of Quarryville, Lancaster county; also two brothers, D. L. Slagle of Hanover, and George F. Slagle of Bittinger's Station. Mrs. Etzler was a consistent Christian lady and a regular attendant at St. Mark's Lutheran Church. Funeral Wednesday, Feb. 23, services by Dr. C. M. Stock, and interment in Mt. Olivet cemetery.

MICHAEL C. SLAGLE, a well known citizen of Berwick township, died last Wednesday at his home along the Hanover and Abbottstown turnpike, near Hartman's Mill. He was a carpenter and builder who had an extensive business for years. His health failed about a year ago, and for some months his mind had been affected. Recently he suffered somewhat from dropsy, and was confined to his bed for about four weeks. He was a son of the late Jacob and Mary Slagle, of Oxford township, and was about 70 years of age. He is survived by his wife, who was Miss Sarah Sell, of Union township, one son, William, at home, and one daughter, Mrs. Elsie Swope of Hamilton township, also by one sister, Mrs. Sarah Klindinst of near York. The funeral was Friday, Feb. 25th, services at his late home at 2 a.m., and interment at Christ Church.

SAMUEL CHAPMAN of this county died at the home of his niece, Mrs. John Bubb, of Mechanicsburg, last Wednesday, after a brief illness in the 78th year of his age. Mr. Chapman had his home with his children in Adams county, and two weeks ago went to Mechanicsburg on a visit to his niece, when he was taken ill and his decline was rapid. He is survived by two daughters and one son, all of this county. The funeral was held on last Friday, interment in Mechanicsburg cemetery. The children surviving are Wm. Chapman of Orrtanna, Mrs. Park Noel of Gettysburg, and Mrs. J. Frank Cashman of near Gettysburg. One

sister, Mrs. Nancy Miller of Steelton, and 22 grandchildren and 7 great-grandchildren survive.

LOVINA HILL, wife of Judson Hill, of Taneytown, died suddenly at her residence on Saturday, Feb. 19, in her 63d year. Mrs. Hill was taken suddenly ill on Friday noon, from which she became unconscious and remained in that condition until her death on Saturday night. She was a member of Piney Creek Presbyterian Church. Her husband, Judson Hill, a member of the Maryland legislature, a daughter, Mrs. Maggie Hiltbrich, of Littlestown, and a son, Homer S. Hill, of Taneytown, survive her. She was a Miss Shoemaker before her marriage. Her funeral took place on Tuesday morning of last week at Piney Creek Presbyterian Church, Rev. Dr. Springer of Baltimore officiating. Interment was in the cemetery adjoining the church.

WILLIAM CORNELL of Harney, Md., died suddenly on Feb. 19, aged 48 years. He had been going about in his usual health the day before and the next morning he woke up and not feeling well, remained in bed and taking a violent coughing spell died about 10 a. m., from heart failure. He leaves a wife, two small children and a brother. He was one of the good citizens of Harney, a member of St. Paul's Lutheran Church. Rev. Stockslager conducted the funeral services on Monday of last week and interment was made in Mountain View cemetery, Emmitsburg.

CLEMENT S. STORM died at the home of his parents, Mr. and Mrs. Vincent G. Storm, of York, last Thursday, from cancer, aged 18 years, and is survived by his parents and the following brothers and sisters: Lewis Storm and Mrs. Sarah Lady of Gettysburg, William and James Storm and Mrs. Mary Gebhard of Harrisburg, Jere Storm of Baltimore, Joseph Storm of Clarksville, Miss Anna Storm and Mrs. Geo. Flinchbaugh of York. The funeral was held last Saturday morning with requiem high mass at St. Patrick's Catholic Church, and interment was made in St. Patrick's cemetery.

MRS. JEREMIAH SLAYBAUGH died at her home in Huntington township on Wednesday evening, Feb. 16, aged about 74 years. The deceased had been a sufferer for some time with dropsy but a stroke was the immediate cause of death. The funeral services were held on Saturday following with interment in the upper Bernhart Church, Rev. Harvey Biekle officiating. The deceased is survived by two sons and a daughter: George at home, Emory of Philadelphia, and Mrs. A. J. Riggie, Florida, Ind.

ROSE ELIZABETH OSBORNE, infant daughter of Levi and Mabel Osborne, died at their home close to Dutta's Station, Straban township, Saturday, Feb. 19, from whooping cough, aged 1 year, 1 month and 14 days. Funeral was held Tuesday of last week, interment being made at Pines Church.

MRS. JAMES WISE died at her home in this place last Friday aged 31 yrs., 3 months and 9 days. She was a Miss Kintzler of Baltimore and is survived by her husband and mother, Mrs. Robert Schriver of Hanover street. The funeral was held Sunday afternoon from home of her mother, with interment in the Evergreen cemetery.

CLAYTON SHILL of Menallen township, died last Thursday from tuberculosis aged 39 years, 7 months and 2 days. The funeral was held on Sunday, services by Rev. Ploto, and interment in the Bendersville cemetery. He leaves a wife, four sons and one daughter, Herbert, Verner, Carman, Alfred and Gertrude, all at home. One brother survives, Samuel Shill of New Oxford.

MRS. MARY C. E. FLICKINGER, widow of Geo. A. Flickinger of Taneytown, died last week and was buried on last Thursday at Taneytown. She was a Miss Reifsnider and had been living for the last fifteen years at York. She leaves a son, Wm. G. Flickinger of York, and a sister, Mrs. Augustus Crouse, of Littlestown.

MRS. JAMES N. DAVIS, a daughter of Jamison and Hester White, at one time residents of Gettysburg, died at Newark, N. J., on Feb. 13, aged 63 yrs. She leaves besides her husband one son, a grand daughter, four brothers and two sisters, living in the West. Dr. J. W. Tudor of this place is a first cousin.

MRS. SUSAN FURNEY of Cumberland township, died last Friday, aged 73 years, 5 months and 15 days. Funeral yesterday, Tuesday, services by Rev. G. W. Sherrick, interment in Evergreen cemetery. She is survived by a sister.

MRS. SARAH JANE DERRY died in Bendersville Feb. 21, aged 81 years, 4 months and 26 days. Funeral and interment at the Friends' Meeting House at Florida Dale.

Infant child of Mr. and Mrs. Emory Steinoor of Mummaburg street, died on Feb. 21, aged 7 weeks. Interment in Evergreen cemetery.

Infant child of Mr. and Mrs. Shank of Cumberland township died last week; interment at Benders Church.

#### Local Company Reorganized.

A meeting of the purchasers of the Gettysburg Transit Company and the Keystone Electric Light, Heat and Power Company of Gettysburg was held at the office of the companies in

this place last Friday and the companies were reorganized. The Gettysburg Railway Company taking the place of the former Gettysburg Transit Co., and the Gettysburg Lighting Company taking the place of the Keystone Electric Light, Heat and Power Co.

The new corporations are composed of the following officers and directors: C. J. Craft, President, who is treasurer of Central Trust and Savings Company of Philadelphia, and C. T. Leland, Sec. and Treas., who is Pres. of Pottstown and Reading Street Railway Co., and following directors: James F. Hallowell, Treas. of People's National Fire Insurance Co. of Philadelphia, Geo. W. Royhouse of the Royhouse, Arty Co., builders of Philadelphia, C. J. Craft, C. T. Leland of Philadelphia, T. P. Turner and Wm. McClean of Gettysburg. Several other influential men will be added to the directorate at an early date.

A policy of general improvement will be inaugurated immediately. Considerable new machinery and equipment will be installed. These companies are starting clear of any floating indebtedness and with ample capital to conduct their business properly. The new companies desire the co-operation of the citizens of Gettysburg to the end that the service of both companies may be materially improved. Mr. Turner, the general manager in charge, will continue in the same, and is prepared to meet the companies' customers at all times.

#### THE TOAST MASTER

##### Play To Be Given for Benefit of Citizens Band.

On Thursday night, March 3rd, Mr. Jay Wellington, late leading man of "Our New Minister Company," assisted by local talent will present "The Toast Master" a college comedy in three acts, by Norman Lee Swartout, for the benefit of the Citizens Band. It runs over with fun and the musical parts and chorus will present very picturesque scenes, and should be enjoyed by a crowded house.

Mr. Wellington has presented his productions in other places with great success, and having found such excellent talent here he promises a splendid performance as every member of the cast and chorus have been giving their best attention to the work. Freight Wreck Near Big Trestle.  
Early Monday morning, about 3.15, a broken rail on the Western Maryland railroad derailed fifteen freight cars at a point between Jack's Mountain and Iron Springs Station near the big trestle. The freight was coming down the mountain very slow, prepared to stop at the water tank near the trestle when the cars left the track and the train was quickly stopped, none of the cars being overturned and engine with rest of train remaining on the track. Wrecking crews were soon on the ground and it took several hours to get the cars on the track and to repair the track, which had been torn up for some distance. The morning mail train did not reach this place until after 10 o'clock.

#### Week of Entertainments.

Beginning with Washington's Birthday last week was a gala festive occasion filled with social functions, entertainments, meetings and the like, and almost every evening one was put to the necessity of choosing, not being able to take them all in.

Washington's Birthday was celebrated as Patrons' Day at the Public Schools and a great number of our people visited the schools, finding much to approve of and were entertained by what they saw and heard.

The Daughters of the American Revolution held their annual colonial tea at the Matthew's Restaurant on Washington street. Colonial dressing added to the picturesqueness of the occasion and the tables were decorated with antique ware. A large number of our people enjoyed the tea.

In the evening the Sons of Veterans gave a dance at their armory which was thoroughly enjoyed by a large party.

Wednesday evening the Sophomore class of college gave in Brua Chapel "The Magistrate," a farce in three acts and beyond all question it was the most elaborately staged play, as well as the best that has ever been given by the students at college. The scenery was made by members of the class and represented the work of weeks. The audience was one of the largest ever attending an entertainment in Brua Chapel and thoroughly enjoyed the performance. The cats of the play was as follows and while all the players excelled themselves, Orville Ott deserves special mention in his excellent portrayal of the Magistrate. Mr. Posket and Mr. Bullamy, Magistrates of the Mulberry St. Police Court, Mr. Ott and Mr. Drebelbiss, Col. Lukyn, (from Bengal—retired), Mr. Beideman, Captain Vale, (Shropshire Fusiliers), Mr. Peck, (Farrington, Mrs. Posket's son by her first marriage, Mr. Lewars, Achille Blond, Proprietor of Hotel des Princes, Mr. McCullough, (a waiter), Mr. Humphries, Mr. Worthington, Chief Clerk at Mulberry St., Mr. Bloomhart, Inspector Messiter, Sergeant Lugg and Constable Harris, Metropolitan Police, Mr. Brumbaugh, Mr. Harmon and Mr. Pennell, Wyke, (Servant at Mr. Posket's), Mr. Fausold, Agatha Posket, Late Farrington nee Verinder, Miss Paul, Charlotte, (Her Sister), Miss Valentine, Beatie Tomlinson, A Young Lady Reduced to Teaching Music, Miss Bream, Popham, Miss Rowe.

Thursday evening, besides the well-filled houses at the picture shows, and play, the court house was filled with our people to participate in the Washington's Birthday memorial services presented by a joint program of the P. O. S. of A. and I. O. of A. of this place. Rev. G. W. Sherrick was master of ceremonies and the program was opened by music by the orchestra, and prayer by T. E. Shearer of the Seminary. Prof. W. A. Burgoon delivered an address on Washington as first in war, first in peace, and first in the hearts of his countrymen, indicating the many ways in which his life more adequately filled these requirements than any other man of the country. Mrs. Roy Zinn charmed the audience by singing "My Dream of the U. S. A." and as an encore sang "My Good Old U. S. A." Orville Ott gave a recitation in his usual acceptable manner and the Rudisill Quartette sang. Geo. L. Kieffer then made an address on "Washington, the Father of His Country," and Robert E. Peleman on "The World Call for Young Men." After more music by the Rudisill Quartette and orchestra, Rev. Baker, pastor of St. James' Church, spoke. The program concluded with the singing of "America" by the audience and benediction by Rev. Sherrick.

Friday evening the Law and Order Society held a public meeting in the court house and room was well filled. Prof. C. F. Sanders was master of ceremonies and opened with a short explanation of the organization of society in Gettysburg and that the necessity for such organizations and the citizens present were asked to join the local society. D. Clarence Giboney, the great reform leader of Philadelphia gave an interesting talk of the reform movement in that city and the need when certain cause interferes with the proper enforcement of law that there should be an organization of citizens for the purposes. He declared that the 200 state constabulary had done more to establish peace in his city from the strike now going on there in 24 hours than 3000 cops, hedged around by politics had been able to do in 4 days.

Ex-Treasurer Wm. H. Berry concluded the program by complimenting the audience and contributing to the good will with a number of anecdotes. Cards were distributed at the door as the audience assembled and in leaving a number of citizens handed in signed cards to become members of the local society.

This same evening the inter-collegiate debate between Bucknell and Gettysburg was held in Brua Chapel. Dr. P. M. Bickle was chairman, the music was furnished by the College Orchestra and the question, "Resolved that United States Senators should be elected by popular vote," was debated affirmatively by Bucknell, S. U. De Piero, C. W. Cramer and I. A. Timlin representing that college and negatively by G. C. Knipple, C. M. Allabach and J. T. Jenkins, representing Gettysburg College. The judges, Dr. W. L. Gooding of Dickinson College, Carlisle, and Prof. P. L. Kaye of the Baltimore City College, and Dr. E. E. Campbell of Irving College, Mechanicsburg, decided in favor of Gettysburg College.

On Saturday evening the fourth entertainment in the college Y. M. C. A. course came off in Brua Chapel, Dr. Monroe Markley delivering his inspiring lecture on "Harpsstrings and Heartstrings."

#### Itching Eczema Washed Away

Is it worth 25 cents to you to stop that awful, agonizing itch? Surely you will spend 25 cents on your druggists recommendation, to cool and heal and soothe that terrible itching eruption?

By arrangement with the D. D. D. Laboratories of Chicago, we are able to make a special offer of a 25 cent bottle of their oil of wintergreen compound, known as D. D. D. Prescription. Call or write or telephone to Peoples Drug Store.

We absolutely know that the itch is stopped at once by D. D. D. Prescription, and the cures all seem to be permanent.

## Tickling in the Throat

"Just a little tickling in the throat!" Is that what troubles you? But it hangs on! Can't get rid of it! Home remedies don't take hold. You need something stronger—a regular medicine, a doctor's medicine. Ayer's Cherry Pectoral contains healing, quieting, and soothing properties of the highest order. Ask your doctor about this. No alcohol in this cough medicine. J.C. Ayer Co., Lowell, Mass.

Constipation positively prevents good health. Then why allow it to continue? An active liver is a great preventive of disease. Ayer's Pills are liver pills. What does your doctor say?

# SCHOOL DIRECTORS MEET

## IN NINETEENTH ANNUAL CONVENTION IN GETTYSBURG.

Addresses—Exchange of Views on Queries and Discussion Make Very Helpful the Meetings.

The second day sessions of the convention of School Directors, continued from our last issue opened on Friday, Feb. 18 with devotional exercises by Rev. G. W. Sherrick and singing. A number of interesting queries were then discussed.

Query—Do the directors have any difficulty in obtaining the attendance required by law.

Edw. M. Bender of Gettysburg, we have no trouble in the matter of attendance, due to the fact that we have a most efficient truant officer and he has secured a good attendance, well within the law.

W. E. Kapp of Biglerville, we have had no trouble with pupils within ages from 12 to 16, but pupils outside these ages have given us some trouble. I think it is the duty of directors to go to parents and persuade them to send children to school and by kind argument secure the attendance if possible and avoid often the trouble of compulsory proceedings. Our teachers make a list of children who have not been there the required number of days and parents are notified.

Jerre T. Hartzell, of Cumberland. We have so much trouble and I proposed the query, as I want to know how it is in other districts. We made one arrest last year and imposed a fine on the father and this was only done after personally notifying the parents to send the children to school. I want to know whether Cumberland is the only township having this trouble.

Ira P. Taylor of Menallen. I had report of one teacher of a boy leaving school and we gave orders if the boy came back to take him in.

Philip Griest of Latimore. We had had a boy who left school and he wanted to go to another school but he was made to go back to school he left.

P. A. T. Bower of Butler. If we have public sentiment with us we can carry out these things better. In one school we had trouble, a boy left and his father brought him back and told the teacher to whip him if he did not attend regularly and if he couldn't whip he would. Such an attitude of the parent makes it easy to secure the legal attendance.

Query—The most pressing rural school problem.

Henry Butler of Conowingo. There is a constant emigration from the country schools to the town and city schools. The tendency of the times is toward centralization, concentration of efforts. In the country school there is no centralization or concentration as the teacher covers all subjects and can not be as effective as the teacher of graded school teaching special subjects. We have reached the limit of our present system. Would it not be easier to move the children to a central graded school than to take such schools to them. Centralization is the only remedy upon which to build our schools on a higher plain. We must get the minds of our people so as to entertain and support this idea.

Aaron I. Weidner of Arendtsville. I believe we should centralize our rural schools. This is coming. It has been done in other states and the cost would certainly not be more than at present.

Jerre T. Hartzell of Cumberland. What this country needs is good common sense school education, reading, writing, arithmetic, spelling and geography should be more thoroughly covered in the rural school course so as to fit our children for outdoor life and not for the desk.

Query—What is the best method of heating and ventilating one room school buildings.

J. W. Pricatt of Menallen. The ideal method is the bringing in of outside air and heating it. I have seen the Waterbury system and room was well heated and air was pure and the teacher said it was easier to operate than a stove. It was not a very expensive outfit. I am not able to say it is the best but the best I have ever seen and I hope to see such a plant in some of the buildings of my district.

Allen J. March of Abbotstown, had seen the Waterbury system and was never more pleased than with school room containing same. You go into any school you will hear harking and evidences of cold but there was none in the school I visited with that system. The plant is put in a corner of room and an opening brings in the cold air from the outside which is heated and fowl air is driven out and the heat is distributed and is not so hot as to interfere with the children.

C. H. Stein of Seminary sang a solo. Dr. A. C. Rothermel spoke on "Dull Students" and among other things said I'm not here to talk of those mentally deficient, I do not think it is just to teacher or district to compel such children to attend the public schools. But there are other children who are

looked upon as dull and are not defective. There is no such thing as intellectual equality. Children have not the same mental endowment. There is a class dull in some particular line of mental activity. This may often rise from the teachers lack of knowledge of how to treat the child. Often the dull student only needs a fair chance and encouragement from the teacher. This question of stupidity is often one of the honest not appreciating the needs of constant attendance at school. The dullness is often from physical defects of the children, defective eyesight, defective hearing and from these defects they are incapable of doing the work assigned to them. Adenoids interfere with children doing the work they should, and the removal has increased their capacity wonderfully. A large number of children are incapable of doing their work because they do not get the nutriment they should. Children with decayed teeth require a half years more time to complete the eight years work, those with large tonsils eight and seven tenths and those with adenoids nine and one tenth year. The time is not far off where there will be medical inspection in our rural schools. If our children were taught early in life to master the English tongue we would get better results. The study of mathematics ought to be put off as long as we can. We have been teaching too much not suited to the ages of children's capacity for sustained effort has been acquired by the race, something the furniture man did not possess. There are too many distractions and dullness is often due to fact that children have not acquired the capacity for sustained effort. In a city out of over 236 boys using cigarettes only ten were found to be bright. Children are dull because they have acquired habits which interfere with their work.

If parents and teachers would endeavor to understand the dull student and causes for the dullness there would be much better results obtained in their education.

Dr. Gordinier spoke on "The Director as a Supervisor." Why don't directors and parents visit schools more than they do. School directors at their meeting are often enthusiastic about visiting but they don't go. They mean to go but put it off and this is very frequently due to lack of definite aim when he does visit the school. If the directors had a definite purpose in view he would be able to go often and get definite results. I'm going to suggest that if you want to make these visits more profitable and more worth while the directors should secure cards convenient for the pocket. Every teacher could be given one of these cards when school opens, and at the end of every visit the director should give the teacher a duplicate of the card made of that visit with the words underscored. These cards would be arranged so that school, teacher, date and length of visit could be designated. As to the room the temperature would be marked too high, normal and too low, so that one could be marked as to the light, too light, too dark, as to the ventilation and heating satisfactory, fair, poor, excusable or inexcusable. Every district was advised to look in to the Waterbury system of heating. As to appearance of room, clean, unclean, dirty. As to seating arrangements, good or poor. See to it that some delicate child is not near a window and a husky boy near stove. As to the teacher, look as to personal appearance, and be more critical of man, look whether he needs shaving and condition of linen. As to position of teacher, whether commanding or unfavorable. As to manners, whether calm, listless, energetic or nervous. As to voice, pleasant, too high, too low, too loud. As to apparent preparation, excellent, fair or poor. As to apparent control, excellent, fair or poor. As to the pupils, whether sitting with wraps or overshoes on. As to position of pupils at desk, standing, sitting straight or bended. Whether seats are near enough to desks to sit properly. Whether pupils are busy, idle, quiet, noisy or restless. As to the preparation of recitation.

Friday afternoon session was opened with address by Dr. C. H. Gordinier on "The Selection of Teachers," and advised asking prospective teachers for their references. Then the teacher should be asked whether they consider themselves under obligation to stay and complete year if contract is made, or whether they would drop school for something better during the year. All things being equal help out your friends and relatives in your own district but be sure they are equal and better take no risk. Advise the home teacher to go away for a year and teach and then apply at home. Having filled the schools the directors and teachers ought to meet before school opens and after making contracts the directors should say, we expect you to discipline the school, to use corporal punishment in a proper way, to attend County and Local Institutes and other meetings. If you are on program either go or send a paper. Mingle with the patrons and have recitations, but we do not expect any teacher to rush schools, staying out nights and being irritable next day. Then pass out card of what you are going to look for when visiting. Get rid of poor teachers by being sure first that they are poor and then dropping them and entertain no complaints except those in which charges will be made in the right way.

Prof. H. M. Roth spoke. Of all educational meetings I enjoy the directors' convention as much, if not more, than others, as I can be a silent partner. We are especially fortunate in having Dr. Gordinier and Dr. Rothermel with us. Every township has

**Facts for Weak Women**  
Nine-tenths of all the sickness of women is due to some derangement or disease of the organs distinctly feminine. Such sickness can be cured—is cured every day by

**Dr. Pierce's Favorite Prescription**  
*It Makes Weak Women Strong, Sick Women Well.*

It acts directly on the organs affected and is at the same time a general restorative tonic for the whole system. It cures female complaint right in the privacy of home. It makes unnecessary the disagreeable questioning, examinations and local treatment so universally insisted upon by doctors, and so abhorrent to every modest woman.

We shall not particularize here as to the symptoms of those peculiar affections incident to women, but those wanting full information as to their symptoms and means of positive cure are referred to the People's Common Sense Medical Adviser—1008 pages, newly revised and up-to-date Edition, sent free on receipt of 21 one-cent stamps to cover cost of mailing only; or, in cloth binding for 31 stamps.

**THE MAKING OF A WILL**

The making of a will is an imperative duty. In the making the greatest consideration is in the selection of an executor or trustee.

Not unusually a competent man is unwilling to act and the mistake is made of accepting an incompetent person. The only rational way is to make a Trust Company your executor. Its business to act and are competent to do so.

**DEVOTES LIFE TO THE SCHOOL.**  
PROF. JOHN M. WOLF TELLS OF HIS LIFE IN SCHOOL WORK.

Started to School at Six Years, Begun to Teach at Fifteen and Has Taught Sixty Years.

V.I.

At the risk of being called an old Foggy, I doubt if the methods employed by some teachers in some of the rural districts are improvement of those employed by teachers forty years ago.

I have been connected with our school system for years, and came in contact with the products of our schools, and in conversation with noted educators, I found that their opinion was, that with the advantages and machinery at hand the results are not what they should be.

My opinion was, and still is, that the child at the close of its elementary work should be able to read not merely pronounce words. That child has a good start and can acquire a liberal education, whether he or she attends a high school or not.

The child should be able to speak and write correct English. If not, it's an indication that something is radically wrong. When the boy studies Latin, and makes use of slang phrases in conversation, there is certainly something wrong with his English.

Again; Children are not taught to spell. It is the opinion of almost every one that comes in contact with their schoolwork. If the child does not learn to spell in the elementary grades, he never will. The reason for the poor spelling in many of our schools is; the spelling book has been relegated to the rear, and spelling is no longer taught as an independent branch. In my teaching, I have always relegated the spelling book to the front.

In taking charge of a school in a rural district, a few years ago, I had a few pupils seventeen years of age, deficient in reading, spelling and arithmetic. My predecessor was a boy of some 18 years of age, unable to speak English. He was a relative of a member of the school board, which was no objection, if otherwise qualified, and how he obtained his provisional certificate, was a mystery to me.

The district accepted the free school system some sixty years ago, but the people, old and young, with few exceptions, speak Pennsylvania Dutch.

There are a few people who think I am too old to teach. In fact I have been dubbed an "Old Timer." But there is nothing more beautiful in the world, then to grow old gracefully, and when numbered with the dead, it can be said, "He stuck to his profession." "By their fruits ye shall know them."

In taking charge of a school in Penn township, York County Pa., in 1891, I had 77 pupils on the roll. Among this number I ascertained that during the previous school term, but one had studied grammar, four geography and two United States history. The term before I took charge of the school it required four teachers to finish the term.

I reported the condition of the school to the board of directors, pointing out the necessity of changing the textbooks and more school supplies. The school board authorized me to have the pupils supplied with the necessary books and supplies.

I reorganized the classes, and persuaded the more advanced pupils to take up grammar, geography, United States history, mental arithmetic, algebra, and Civil government, I taught the school four consecutive terms.

After teaching the school the first term, the board erected the Park School building, and that relieved me of twenty five pupils.

Yost Coop, a boy of 12 years, attended the school one term after I quit, and in the Spring entered my local normal at Center, took up Latin, and the following September entered the

I reported the condition of the school to the board of directors, pointing out the necessity of changing the textbooks and more school supplies. The school board authorized me to have the pupils supplied with the necessary books and supplies.

I reorganized the classes, and persuaded the more advanced pupils to take up grammar, geography, United States history, mental arithmetic, algebra, and Civil government, I taught the school four consecutive terms.

After teaching the school the first term, the board erected the Park School building, and that relieved me of twenty five pupils.

Yost Coop, a boy of 12 years, attended the school one term after I quit, and in the Spring entered my local normal at Center, took up Latin, and the following September entered the

**MORE THAN TWO THOUSAND PEOPLE SEE COOPER DAILY**

During L. T. Cooper's recent stay in Boston, it is estimated that sixty-five thousand people talked with him and purchased his medicine. This is an average of over two thousand a day.

His success was so phenomenal as to cause universal comment both by the public and the press. There must be a reason for this. Here is the reason given in his own words by Mr. Cooper when interviewed on the subject. He said:

"The immense numbers of people who are calling on me here in Boston is not unusual. I have had the same experience for the past two years wherever I have gone. The reason is a simple one. It is because my medicine puts the stomach in good condition. This does not sound unusual, but it is in fact the key to health. The stomach is the very foundation of life. I attribute 90 per cent. of all sickness directly to the stomach.

"Neither animals nor men can remain well with a poor digestive apparatus. Few can be sick with a digestion in perfect condition. As a matter of fact, most men and women today are half-sick. It is because too much food and too little exercise have gradually forced the stomach into a half-sick condition. My medicine gets the stomach back where it was, and that is all that is necessary."

Among Boston people who are staunch believers in Mr. Cooper's theory, is Mr. Frank D. Brown, of 57

**SCOTT & BOWNE, 409 Pearl St., N. Y.**

Hanover high school, graduated therefrom in two years, took first honors, and is now a graduate of Harvard.

Four of my children have been teachers, a son and three daughters. My oldest daughter taught thirty-two terms, and with few exceptions, in Hanover. She taught her first term in 1869, when in her 16th year, and in the same old Union school house in Hamilton township, Adams county, Pa., in which I taught when I started out in my pedagogical career. The other two daughters taught eight terms each, and my son fifteen terms.

There were eight of us children in my father's family, of which I was the only son. There were fifteen of my nephews and nieces teaching school, and with my four nieces.

If there is another family, either in York or Adams county, or in any other county that has furnished the same number of school teachers, I would like to hear from them.

I taught fifteen terms in Penn township, York county, Pa., and four local normal terms. I taught the Park school five consecutive terms. Just before closing my last term, one of my pupils informed me that the man that was elected as a school director wanted a change at the Park school.

The day I closed the term I informed my pupils of the fact, and consequently I would not be an applicant for the Park school, or any other school in the township, so long as three certain men were members of the school board, and requested the pupils to tell their parents what I said.

Two of them have been relegated to the rear, and there are two more that could easily be dispensed with and then the pupils of at least three of the schools in the township would get a "Square Deal."

**Itching Eczema Washed Away.**

Is it worth 25 cents to you to stop that awful, agonizing itch? Surely you will spend 25 cents on your druggist's recommendation, to cool and heal and soothe that terrible itching eruption?

By arrangement with the D. D. D. Laboratories of Chicago, we are able to make a special offer of a 25 cent bottle of their oil of wintergreen compound, known as D. D. D. Prescription. Call, or write or telephone to The People's Drug Store, Gettysburg, Penna.

We absolutely know that the itch is stopped at once by D. D. D. Prescription, and the cures all seem to be permanent.

**COOPER'S MEDICINE**

Bloomington street, Chelsea, Mass. He says:

"For five years I have sought relief for indigestion, stomach trouble and dyspepsia, spending nearly all my wages with doctors and obtaining no results. I had dull pains across my back, radiating to the shoulders. I had splitting headaches, which nothing seemed to cure. There was a gnawing and rumbling in my stomach and bowels. I was troubled with vertigo and dizziness, and at times almost overcome by drowsiness.

"I felt tired and worn out all the time, my sleep was not refreshing and I would get up in the morning feeling as weary as when I went to bed. My appetite was variable—ravenous at times, then again nauseated at the sight of food. Sometimes my face was pale, at other times flushed. I was constipated and bilious, and had catarrhal affection in nose and throat, which caused me to hawk and spit a great deal, especially in the morning. I heard so much of the Cooper remedies that I decided to try them. After taking one bottle, a tapeworm 50 feet long passed from my system. I felt better almost immediately. All my troubles disappeared as if by magic, and my improvement was rapid. I now feel entirely well, and can honestly recommend Mr. Cooper's medicine to anyone who suffers as I did."

We sell the Cooper medicines, which give universal satisfaction.—People's Drug Store.

## It Saves You Money.

The special half price sale of Dr. Howard's specific for the cure of constipation and dyspepsia by L. M. Buehler means the saving of a few dollars on every family's yearly bill for medicines.

Each 50 cent bottle (Mr. Buehler sells it for 25 cents) contains sixty doses of a medicine that is pleasant to take and which can be depended upon to cure the worst case of constipation, dyspepsia or liver trouble. Mr. Buehler has so much faith in the superior merit of this medicine that he says "If Dr. Howard's specific does not cure you, come back to my store and I will return money."

This remedy is not an ordinary medicine. It is the favorite formula of a well known physician, and has the endorsement of hundreds of physicians of eminence in their profession, who prescribe it in all cases of constipation, dyspepsia or liver trouble, knowing from experience that it will make a complete and lasting cure.

## SCHOOL DIRECTORS MEET

(Continued from page two.)

organized and held educational meetings. Of the four general meetings, one has been held at Abbotstown and one arranged at Gettysburg. (Since held) Send in your annual reports, affidavits and certificates as soon after the June meeting as possible. The State pays tuition of non resident pupils attending high schools elsewhere, but the high school collects from the districts and latter from the State.

Dr. A. C. Kothermet gave closing address on "Qualifications of Teachers." There is a city in which the rule has been observed that only home talent shall be employed in the schools and the condition has become abominable. It is a mistake to adopt a rule of this kind as it means inferior teachers. I think it is usually a mistake to employ a director's son or daughter, but sometimes this is carried to an extreme. Every appointment should be made on merit. A teacher should know branches expected to teach, and professional training of teachers is necessary. I know a teacher who has been employed for 20 years and makes the round of schools in his district. He is not a growing teacher. A good teacher is one with good sense and judgment. A teacher to do work must have the confidence of the community and should win that in the school, often on the first day or in the first week. A good teacher should have the power to teach, power to govern and power to inspire. Sometimes we have a teacher who does not try to become acquainted with the directors and patrons. This is a mistake. I know a district where a committee of three directors when they hear of a good teacher go to the school and observe, and go back to their board with recommendations and have secured an excellent corps of teachers. The day has come when, if you want to hold good teachers, you must pay them more than the present minimum salary. We are getting into our school boards a more and more intelligent body of men who are willing to dedicate their time to the welfare of the schools.

Henry Butler moved a vote of thanks to our officers, the Superintendent and all who have helped to make the convention helpful and beneficial, and motion was unanimously adopted.

Miss Ruth Clutz then sang "Wonders Lullaby." The soloists were accompanied by Mark Eckert, and for the singing by convention Miss Martha Rudisill played the accompaniments.

The Memorial Committee then presented the following resolutions which were adopted:

Whereas, It has pleased Almighty God in his infinite wisdom to remove from our midst, Rev. John H. Peters and Rev. John A. McDermid, two of Adams County's most efficient school directors.

1st. Be it resolved by this convention, that we bow in humble submission to the will of our heavenly Father who doeth all things well and may our loss be their eternal gain.

2nd. Be it resolved that a copy of these resolutions be spread upon the minutes of this convention and also that a copy be forwarded to the families of the deceased members.

John A. Knouse,  
Geo. R. Routsong,  
Paul H. Eyster.

Convention then adjourned, the directors in their talk with each other agreeing that it was one of the most profitable meetings ever held.

### BLOCKADED.

Every Household in Gettysburg Should Know How to Resist it.

The back aches because the kidneys are blockaded.

Help the kidneys with their work.

The back will ache no more.

Lots of proof that Doan's Kidney Pills do this.

It's the best proof, for it comes from Gettysburg.

John J. Tawney, 234 Baltimore Street, Gettysburg, Pa., says: "I hold Doan's Kidney Pills in high esteem and I always have a box in the house to use in case of need. I suffered from rheumatism and kidney complaint. My back ached constantly and often in the morning I was so stiff and lame that I could hardly get out of bed. The kidney secretions were too frequent in passage and caused me no end of annoyance. Being advised to try Doan's Kidney Pills, I did so getting them from the People's Drug Store and I was surprised by their promptness in relieving me. My health improved greatly and I now have no cause for complaint. Two years ago a member of my family publicly recommended Doan's Kidney Pills in my behalf and at this time I can confirm that statement."

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, N. Y., sole agents for the United States.

## CHEESE AT THE WHITE HOUSE

Many of Immense Size Have Been Sent as Presents to Chief Executives.

Every president receives numberless presents during the course of a term, notwithstanding it is given out that gifts are not acceptable. In the old days some of the presents sent were of a very odd nature. President Jackson once got a cheese four feet in diameter and two feet thick, weighing 1,400 pounds, from a New York cheesemaker, who wanted to show what he could do. This cheese gift was an elephant on the president's hands, and in order to dispose of it he held a special reception, to which the public was invited, and every guest not only had all the cheese he wanted to eat on the spot, but received a hunk to carry home. In two hours there was nothing but the rind left to tell the story.

President Jefferson was also the recipient of an historic cheese, brought to him all the way from Massachusetts by a six-horse team. On the wagon was the legend: "The Greatest Cheese in America, for the Greatest Man in America." Jefferson, however, was noted for his "simplicity" and he thought it was opposed to good government for a president to receive gifts from anyone, so he insisted on paying the cost of the cheese, which was about \$200, and this cheese lasted all winter.

President Van Buren, too, had a monster cheese given to him. He distributed it at a reception and the guests in their excitement split a lot of crumbs on the carpet and then trampled them in, causing so much damage that unlimited cheese at the White House functions was tabooed from that time forth. The rule now is that nothing in the eating line especially will be received by the president from those unknown.—The Pathfinder.

### JUST A POINTER ON POLITICS

Practical Man Gives Advice to Friend About to Break into the Strenuous Game.

Three Kansas men were visiting recently. One of them has held important state offices. The other has aspirations to be elected to one of "the big places." They talked of the latter man's chances; his plans of conducting his campaign, and so on.

"Let me tell you something," said the man who has been "in." "Let me tell you something. Don't worry about the fellows who are against you. Under the primary system they are scattered far and wide. Don't get any gray hairs over them. That won't do you any good. To win them over you will be wasting time and energy and breath, because the chances are you won't win them, anyway. If they are against you for personal reasons—that is, if they are personal enemies, or oppose you for political causes—the chances are they will vote against you. Let 'em alone. But go where your friends are. Go where your votes are. Keep them sure. They're yours. Keep 'em. They will make more votes for you if you keep 'em in line. That's the game."

Is he right? Do you know?—Kansas City Journal.

### A Lavender Town.

One of the minor harvests that promise well is that of the lavender fields. I have seen some flourishing crops in the Hitchin neighborhood recently, says a writer in the London Mail. Comparatively few know of this quaint Hertfordshire town as an important lavender-growing center, yet it has grown the sweet old herb (which the Romans called lavendula when they used it to scent their baths), has distilled the flowers and sent their extract into all parts of the world for more than a century. At cutting time people come in from miles around to inhale the sweetness of the fields, and when the distilling begins the fragrance of lavender is borne on the wind two miles or more from the town. The flowers are put into the still with the fresh bloom of their maturity on them, and from six pounds of such flowers about half an ounce of oil is extracted.

### The Woman's Fault.

"You told me," she sadly said, "when you persuaded me to elope with you that you would never permit anything to come between us—that you would cherish my love all your days and that I should never have cause to regret for a moment that I had placed my happiness in your keeping."

"Oh, well, confound it," he replied, "what's the use of harping on that now? If you hadn't kept a lot of your faults hidden from me I'd never have fallen in love with you or wanted you to elope, so you have only yourself to blame."

### Thirty-Second Passenger.

The thirty-second passenger boarded the street car and paid his fare. When the conductor rang up this fare, the new passenger peered up at the fare register a moment, then turned to the man next to him:

"Did ye see phwat he did?"

"No; what?"

"O! gave him a nickel an' he rang up 32 cents!"—Sunday Magazine.

### Must Have Accessories.

"I hear you picked up an abandoned farm."

"Yep."

"Genuine farmer now, are you?"

"My smart friends won't believe it until I have picked up some abandoned dialect."

## MANY A DAY IS SPOILED.

By a cough which cannot be broken by ordinary remedies. But why not try a medicine that will cure any cough that any medicine can cure? That is Kemp's Balsam. It is recommended by doctors and nurses, and it costs only 25 cents at any druggist's or dealer's. Keep a bottle always in the house and you will always be prepared to treat a cold or cough before it causes any suffering at all.

### Saved a Soldier's Life.

Facing death from shot and shell in the Civil War was more agreeable to J. A. Stoue, of Kemp, Tex., than facing it from what doctors said was consumption. "I contracted a stubborn cold," he writes, "that developed a cough, that stuck to me in spite of all remedies for years. My weight ran down to 130 pounds. Then I began to use Dr. King's New Discovery, which completely cured me. I now weigh 175 pounds." Before I used Foley's Kidney Pills I was subject to severe backache and pains in my kidneys with suppression and oftentimes a cloudy voiding. While up on rising in the morning I would get dull headaches. Now I have taken three bottles of Foley's Kidney Pills and feel 100 per cent better. I am never bothered with my kidneys or bladder and once more feel like my own self. All this I owe solely to Foley's Kidney Pills and always recommend them to my fellow sufferers."—For sale at the Peoples Drug Store.

### For Diseases of the Skin.

Nearly all diseases of the skin such as eczema, tetter, salt rheum and barbers' itch, are characterized by an intense itching and smarting, which often makes life a burden and disturbs sleep and rest. Quick relief may be had by applying Chamberlain's Salve. It allays the itching and smarting almost instantly. Many cases have been cured by its use. For sale by Peoples Drug Store.

ELMER YEAGY captured a raccoon near York Springs weighing 15 lbs. one of the largest ever seen in county.

A CAT getting into pigeon house of Chas. Eckenrode in Germany township destroyed \$8 worth of pigeons.

**PARKER'S HAIR BALM**  
Cleanses and beautifies the hair. Promotes a luxuriant growth. Never Fails to Restore Gray Hair to its Natural Color. Cures scalp diseases and hair falling. 50c. and \$1.00 at Druggists.

FOLEY'S Kidney Kemedy will cure any case of Kidney or Bladder trouble that is not beyond the reach of medicine. No medicine can do more. For sale at the Peoples Drug Store.

THE McSherrytown Building and Loan Association are taking subscriptions for a new series of stock.

### How's This.

We offer One Hundred Dollars Reward for any case of Catarrh that cannot be cured by Hall's Catarrh Cure. F. J. CHENEY & CO., Toledo, O. We, the undersigned, have known F. J. Cheney for the last 15 years, and believe him perfectly honorable in all business transactions, and financially able to carry out any obligations made by him.

WALDING, KINNAN & MARVIN, Wholesale Druggists, Toledo, O. Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system. Testimonials sent free. Price, 75c. per bottle. Sold by all druggists. Take Hall's Family Pills for constipation.

A SPECIAL order of the Postoffice Department will prevent rural carriers from shooting game while covering their routes.

### A Pleasant Physic.

When you want a pleasant physic give Chamberlain's Stomach and Liver Tablets a trial. They are mild and gentle in their action and always produce a pleasant cathartic effect. Call at the Peoples Drug Store for a free sample.

THE team of H. H. Haar, rural carrier from New Oxford, ran away in Hampton. Horse was tied to post, tore loose and ran some distance before caught, breaking shafts of wagon.

"DR. THOMAS' Eclectic Oil is the best remedy for that often fatal disease—croup. Has been used with success in our family for eight years."—Mrs. L. Whiteacre, Buffalo, N. Y.

THE wife of James Davis, of near Asper's, who has been confined to her bed for several years, alleges that she has been cured by faith, and unassisted came down stairs the other day and eat a hearty breakfast. She has been a sufferer from tuberculosis but declares she is free from pain and is enjoying good health.

NO FALSE PRETENSE has marked the career of Ely's Cream Balm. Being entirely harmless, it is not responsible like the catarrh snuffs and powders, for minds shattered by cocaine. The great virtue of Ely's Cream Balm is that it speedily and completely overcomes nasal catarrh and hay fever. Back of this statement is the testimony of thousands and a reputation of many years' success. All druggists, 50c., or mailed by Ely Bros., 56 Warren Street, New York.

HARVEY LEREW, of Latimore township, has been compelled to cancel agreement for house intended to occupy in York Springs, on account of serious illness of his wife with Brights disease.

### Would Have Cost Him His Life.

Oscar Bowman, Lebanon, Ky., writes: "I have used Foley's Kidney Remedy and take great pleasure in stating it cured me permanently of kidney disease which certainly would have cost me my life." For sale by The Peoples Drug Store.

ALGER LAWRENCE, of Brushtown, was recently arrested on the charge of assault and battery preferred by Riley Bish, of Hanover.

### Stubborn as Mules

are liver and bowels sometimes; seem to talk without cause. Then there's trouble—Loss of Appetite—Indigestion, Nervousness, Despondency and Headache. But such troubles fly before Dr. King's New Life Pills, the world's best Stomach and Liver remedy. So easy. 25c. at Peoples Drug Store.

FRANCIS CARBAUGH, of near Berlin Junction, received a cut on his left hand while butchering and has developed blood poisoning from the wound.

For a mild, easy action of the bowels, a single dose of Doan's Regulents is enough. Treatment cures habitual constipation. Ask your druggist for them.

ANDREW KING of near East Berlin lost a good mule from lockjaw.

CHAMBERLAIN'S Stomach and Liver Tablets invariably bring relief to women suffering from chronic constipation, headache, biliousness, dizziness, salowness of the skin and dyspepsia. Sold by People's Drug Store.

## DRY GOODS

## Ladies' Ready-to-Wear Goods AND CARPETS

**A**NOTHER fiscal year has begun--the 26th--we expect to celebrate it on date of beginning business, April 10th. As most of you know our business has had a remarkable growth, owing to the fact that we begun and maintained the "Fair Deal" to all and besides that, we "had the goods" when people wanted them, and we had them at the right price.

We begin this new year with an extraordinary stock in every department, and we are ready to serve our customers not only with seasonable goods, but with goods ahead of the season.

Our contracts were made months ago with mills and distributors, and you see no change in prices in any of the lines we show--except in possibly a few items. Our large buying brings us lower prices on many lines, not obtainable by smaller operations.

We are ready with new goods, in every department, and show you a city store stock at prices based on goods bought right and sold on the basis of country store expenses.

### The New Silk and Messaline Dresses are Here

Made by men dress-makers and up to the minute in style at less than goods and making cost at your dress-makers.

### The New Skirts are Here

We are showing the new pleat style, with tunic effects—fully fifty styles and qualities now here.

### The New Tailored and Lingerie Waists are Here

Made in sanitary factories by experts—fit right, made right, look right, priced right. You must see them to fully appreciate their worth.

### The New Muslin Underwear Is Here

The much talked of high prices is only actual on Muslins, which are from one to two cents higher per yard in our stock than they were a year ago. But we give as full and as good a gown or skirt or any other part of Lingerie at identically the same price as last season—for instance, we will give you a gown or skirt at 50 cts. that has 50 cts. worth of material in it—with right making thrown in.

Gowns from 50 cts. to \$2.50

Skirts from 50 cts. to \$4.00

Corset covers from 12 cts. to \$1.00

Drawers from 25 cts to \$1.00

We are willing to compare these goods with any advertised anywhere—correct size, making and quality as a consideration. There is no skimp in size to keep the price down.

### Combination Sets and Princess Slips are Here—The Embroideries and Laces are Here

We have customers, among our regular town visitors, who put off filling their wants until they visit here—because—of the larger and better selection to be found with us. No store in the county carries so large a line as is to be found with us. We are buyers direct from the largest importers. Write to us for samples if you cannot come to see us.

### The New Suits are Here

We are offering best values at \$12.00 to \$20.00 we have ever shown. Suits and skirts made to order by the American Ladies' Tailoring Co., of which we are agents.

## The Newest Dress Goods for Spring Is Now Here

### The New White Goods are Here

Fine French Lawns, French Batistes, Imported Persians, Mousselines, French Nainsooks, &c., here in an assortment of qualities; with all the Domestic Indias, Persians, Flaxons, &c. Early brides, attendants and school graduates should be interested in this line—as we show a line not to be seen outside of the cities, and the prices will suit you too.

### The New Wool Dress Goods are Here

Many stores have taken the notion that because of the ever increasing sale on Ladies' Ready-to-Wear Goods it is not necessary to stock up in piece goods. Our experience has justified us to select and contract for the usual amount, and we have now on our counters a selection fully as large as at any time in our store's history, both in Black and Colors—in all the most desirable weaves. If you cannot visit us, send for samples.

### The New Dress Silks are Here

We believe that Silks will hold a greater place, in both gowns and separate waists, in fashion than for several years past. We have, therefore, prepared for it—Rajahs, Pongees and weaves of that character will possibly lead and will be found in great variety here, while Taffetas in Black and Colors hold second place to Satin-faced materials in plain and fancy, including Satin Foulards of which we show twenty or more patterns in almost as many shades.

### The Best \$1.00 Taffeta in the Country.

The Kishi and Fugi Silks and goods of that kind are here.

This season has produced more kinds of Half Silk Fabrics, suitable for evening and party gowns, than ever before. All the new shades and colors will be found in our stock—at a range of prices. There are few things that make up as rich for dressy purposes, at so little cost, as these Half Silk goods.

## A Fine Display of Beautiful Effects in Floor Coverings

### The New Carpets and Rugs are Here

Our Mr. U. G. PHEASANT, who has had charge of our carpet department for nearly a year, has very much increased the stock and through it also the sales. He is prepared for this season with a stock that cannot be excelled in assortment of patterns in all kinds of wanted Carpets and Rugs, Wilton

Velvet, Axminsters and best Tapestries made into bordered Rugs in any desired size. No charge for sewing any carpet.

LINOLEUMS in all widths from 1, 2, 2 1-2, 3 and 4 yards—in a number of patterns and several qualities.

50 Rolls CHINA and JAP MATTINGS in fine qualities—fresh and new.

Crex MATTINGS and RUGS, all sizes.

LACE CURTAINS and DRAPERIES of every character in great variety of patterns and qualities.

This department furnishes every part of the house, from floor to windows, and at a saving over the usual of most stores with the advantage of a large selection.

## Every Department is Full Stocked and Invites Your Attention
